

**GRID Whiteboards**

GRID – Making Space Work  
Adaptable. Durable. Elegant.

GRID's new whiteboards add even more functionality to the GRID system. Designed to merge perfectly with the numerous other GRID components, these whiteboards provide a practical space for office communication and for ideas to thrive. Aside from GRID's iconic adaptability, the system is also highly durable. When a new look or function is needed, the lightweight modules can be disconnected and restructured, perhaps with a new combination of components, to serve a new purpose. From multifunctional storage unit to reception desk. From room divider to locker unit. The possibilities are endless.
